Re: Alfred N. Twitchell Will

First: I give and bequeath unto the Selectmen of the town of Milan, county and state aforesaid and their successors in such office in trust, the sum of four hundred dollars to be placed on interest, for the following purposes, VIZ, the interest thereof or such part as they may deem necessary to be used in keeping in good condition and repair, the burial lots in Hillcrest Cemetery in said Milan, where now are buried the remains of my father, mother brother and sister, my daughter Flora and her late husband, Rev. Freeman C. Libby and my late wife, Nancy C. Twitchell and where I am to be buried, and the lots adjoining belonging to me. Provided that, any part of such interest not used in keeping such lots in repair shall remain on interest to be used whenever necessary for the renewal or repair of the monument or markers, as they may deem best forever.

This is to certify that the above is a true copy of the "First" paragraph in the will of the late Alfred N. Twitchell.

Signed ELISHA H. CODY, Executor

School Report of Superintendent

Milan, N. H., Feb. 1, 1933

TO THE SCHOOL BOARD OF MILAN:

I herewith submit the annual report of the Superintendent of Schools, it being the thirteenth in the series of such reports.

INSTRUCTION

The present school year opened with but one change in the teaching force from the previous year.

Miss Phyllis Jackson, a graduate of Plymouth Normal and a teacher with experience in another town of this State was assigned to the Hamlin School. Thus, this year, our teachers are all both Normal graduates and teachers of some experience.

The Course of Study is the same as that used in the elementary grades throughout this State. The work is uniform and there is a definite amount for each grade to accomplish in every subject. Standard tests were given to all the Eighth grade pupils during the year. These pupils all passed these tests and nearly all are now continuing with their School work in Berlin High School.

As a result of frequent visits of inspection and observation during the School year, I believe that in every instance pupils are making the progress that is warranted by age and ability.

ATTENDANCE

The average attendance for the last school year was 95.5 per cent, an increase of 1.34 per cent over the previous year. The Milan Hill school, for the fourth successive year, has the highest mark—98 per cent. The average per cent for all schools is the highest for a number of years.

HEALTH

The Medical inspection work has again this year been done by Mrs. Doris Swail, a registered nurse with many years of experience in school health work. I feel that this work has been carefully done and a most excellent report has been turned in by the nurse.

Owing to the fact that a considerable surplus was carried over by the School Board from the previous year it was possible to make some reduction in the budget for this present year. At the close of this year there will, probably, be no surplus and some further cut in expenditures may be expected.

It is earnestly hoped, however, that the best interests of the schools may not be sacrificed in the name of economy. We all realize that this is a time for economy, but this should be tempered with good judgment.
